Mr. Saw Mill Man

Don't overlook the fact that you are in business to make a living and not for pleasure.

The Knight Saw Mill is the "up-to-theminute Mill.

It is not loaded up with useless cast iron and other useless parts.

The Head Blocks, Dogs, &c., are made of Steel Channels, I Beams and Angles.

The result is a carriage which is light and at the same time strong, which can be handled with ease and rapidity.

The Knight Variable Belt Feed is a little ahead of the present minute; and as to Knight Dogs-well, "Nuf Ced." Every body knows

Let us help you with that living you are making, by selling you a Knight Mill. We can also sell you the Engine and Boiler to run

Big Force Grading Blue Ridge Highway.

May Soon Be Doubled.

Waynesboro, Va., March 5.—The mules, steam drills, carts, etc., have arrived on the road and work has progressed as rapidly as the weather permitted. Sufficient rock has been produced from quarry No. 1 to macadamize the road from Basic City corporation line to the Battimore and Ohio Railroad. A carload of steam coal was haused to the crushing plant this week, also a carload of pipe and conduits for underdrainage.

The Boad of Supervisors at its meeting held Monday, February 28, appointed as a committee to purchase or rent a traction engine, Elijah Coiner (chairman), W. Antic and A. H. Pettigrew, engineer in charge of contaruction.

Weather permitting the grading force will be doubled next week, and this branch of the work pushed through to completion and gotten ready for the stone, which is planted to be laid in May and June.

The Nelson county link of the highway will be started in April, and the Albemaric board has already taken stops to start work on their sections this month.
